

## **D+H Credit Solutions: EXCHANGE 2.0**

### **TOP TEN REASONS TO USE EXCHANGE 2.0!**

1. Unique ability for **Originators and Lenders to collaborate** on deals (i.e. communicate, transmit documents)
2. Immediately realize **increases in productivity**, decreases in administration and as a result, cost-savings.
3. Move one step closer to the **paperless office**, which is not only a benefit for the environment, but also reduces your storage costs.
4. Keep all your deal documents in **one central location**, without a restriction on size, number of pages, or file type. **Store documents for as long as you need!**
5. **Automated email notifications** are another great feature of Exchange 2.0. Email notifications can be set-up through Exchange to notify you when documents arrive, are updated, etc.
6. **Access your deal documents anytime and anywhere.** Exchange 2.0 is web-based and therefore, you can log in no matter where you are.
7. Exchange's **simple interface** is intuitive and therefore easy to learn. Minimal requirements for training before your staff can start taking advantage of Exchange.
8. **Ensuring compliance** through:
  - + Storing documents in a central location that provides controlled and audited staff access,
  - + Increasing the ability to detect fraud/forgery,
  - + Enforcing internal reviews and auditing policies,
  - + Eliminating document duplicates and manual entry errors
9. Take advantage of the **seamless integration with Filogix Expert**<sup>®</sup>, our mortgage advantage solution. Users of Expert will sign-in through Expert and if an Exchange user, can gain access automatically. Both Expert and **D+H Credit Solutions Express**<sup>®</sup> (our Lender underwriting solution), offer automatic folder creation to minimize manual work.
10. Exceeds industry/governmental security and regulatory standards, to ensure your data is always well protected.
